## Terms and Conditions

This communication is directed only at recipients who are eligible counterparties or professional clients, as defined in the Glossary to the Financial Services Authority's Handbook of Rules and Guidance. Any investment or service to which this communication relates is only available to and will only be engaged in with such persons and any other persons who receive this communication should not rely on or act upon this communication. This communication is issued and approved only for the purposes of section 21 of the Financial Services and Markets Act 2000 by Hermes Investment Management Limited ("HIML"). Hermes Investment Management Limited ("HIML") has its registered office at Lloyds Chambers, 1 Portsoken Street, London E1 8HZ.

## Regulatory status

Hermes is a multi-specialist asset manager, independent of any broader financial services organisation. Each Hermes operating company [and limited liability partnership] is either a subsidiary of, or is otherwise affiliated to, Hermes Fund Managers Limited. They carry on business under the name "Hermes". The main operating companies within the Hermes Group are Hermes Investment Management Limited ("HIML"), Hermes Administration Services Limited ("HASL"), Hermes Focus Asset Management Limited ("HFAM"), Hermes Focus Asset Management Europe Limited ("HFAME"), Hermes UOB Capital Asset Management Limited ("HUCM"), Hermes Private Equity Limited ("HPEL"), Hermes Real Estate Investment Management Limited ("HREIML") and Hermes BPK Partners LLP ("HBPK"). All of the above named operating companies are separately authorised and regulated by the Financial Services Authority except for ("HREIML") which is not regulated. HIML currently carries on all regulated activities associated with HREIML and is responsible for marketing HREIML products and HBPK funds to prospective investors and for arranging their investment. The term "partner" is used to refer to members of Hermes limited liability partnerships.

## Hermes Alternative Funds

Hermes Alternative Funds are an unrecognised collective investment scheme for the purposes of the Financial Services and Markets Act 2000 of the United Kingdom (the "Act"). The promotion of the Hermes Alternative Funds and the distribution of these Funds in the United Kingdom are accordingly restricted by law. This website is for Qualifying Investors only and should not be relied upon by any other persons. Potential investors will be required to certify that they are "Qualifying Investors" when completing the Application Form for Shares, that they are aware of the risks involved in investing in the Fund and that inherent in such investment is the potential to lose all sums invested.

## No reliance

Hermes' regulatory clients are principally the pooled funds which it establishes, markets, operates and/or manages. If you are an investor or prospective investor in one or more of the Hermes funds, the Hermes regulated companies do not and will not act for you. In particular, they will not advise you or provide any other investment services to you and they will not be responsible for providing you with the protections afforded to regulatory clients. You should seek your own independent legal, investment and tax advice as you see fit. No employee of or other person associated with Hermes has the authority to represent otherwise, save to the extent that a Hermes regulated firm has (exceptionally) agreed to provide segregated investment management services and this has been set out explicitly in an investment management agreement to which you are a party.

## No offer

The content of the site has no regard to the specific investment objectives, financial situation or particular needs of any specific recipient. This website is published solely for informational purposes and is not to be construed as a solicitation or an offer to buy or sell any securities or related financial instruments. Prospective investors must rely on their own examination of the legal, taxation, financial and other consequences of an investment in the funds, including the merits of investing and the risks involved. Prospective investors should not treat the contents of this website as advice relating to legal, taxation or investment matters. Before entering into an agreement in respect of an investment referred to in this website, you should consult your own professional and/or investment advisers as to its suitability for you and should understand that statements regarding future prospects may not be realised. No action should be taken or omitted to be taken in reliance upon information in this website.

## Investment performance

The opportunities described in this website have unique risks that may make them unsuitable for certain investors. This website indicates where figures used refer to past performance or simulated past performance. Past performance is not a reliable indicator of future results. Also, certain returns shown in this website are compared against returns for the relevant benchmark index during similar periods. It is important to note that the underlying volatility and risk of the funds' portfolios and that of their benchmark indices vary materially. Such forecasts are not, however, a reliable indicator of future performance.

Any information on this website should be read in conjunction with any relevant fund offering document (such as a prospectus or private placement memorandum) which will exclusively form the basis of any application. A comprehensive list of risk factors appears in each fund offering document and an investment should not be contemplated until the risks of investment have been considered fully. Investors may not get back the full amount originally invested. The value of overseas investments will be influenced by the rate of exchange. The value and risks of underlying investments may be difficult to verify independently.

## United States users and others

The provision of the information does not constitute an offer to purchase securities to any person in the United States or to any U.S. Person as such term is defined under the Securities Act of 1933. Any person wishing to subscribe for any interest should satisfy himself as to the observance of the laws of any relevant territory, including the obtaining of any requisite governmental or other consent and the observing of any other formalities.
